

Risk Assessment for Schools – Addendum

Please be aware that this document has been designed to support assessment and decision making for schools when considering plans for full opening from September 2020. Reference to the latest DfE government guidance should be made when considering the prompts.

Background

A full School Risk Assessment tool was developed by Worcestershire County Council and Worcestershire Children's First to support schools with a phased opening recovery approach. The tool, and example risk assessment and other supporting documents are available at: http://www.worcestershire.gov.uk/recoveryschools and http://www.worcestershire.gov.uk/downloads/download/1433/phased re-opening of schools and settings documents

Updated DFE Schools Coronavirus [COVID-19] Operational Guidance February 2021

| https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/950510/School_national_restrictions_guidance.pdf | | |
|--|--|--|
| Q1. What date will you begin to welcome back pupils into school for the Spring Term? Monday 8 th March | | |
| | | |
| | | |
| O2 Will pupils have different return dates dependent on year groups? If yes, please outline plans for each year group. | | |

No

Q3. Please describe your plans for managing the school day to support full pupil attendance I.e. staggered start/end times, separate entrances etc.

Considerations

- pupil's ability to distance
- layout of the building
- · feasibility of keeping distinct groups separate while offering a broad curriculum

Separate entrances

Staggered lunch times and break times

2 Bubbles [R+KS1+Y3 38 children KS2 4/5/6 33 children]

Q4. Guidance assumes that all pupils will be back to full-time education from after Monday 8th March, if this will not be the case for your school, please describe the reasons below.

It is expected that everyone will be back full time.

Theme 1: Protective measures and hygiene Prevention

| Consider: | Suggestions /consideration | Issues & actions to manage risk | R | Α | G |
|---------------------------------------|---|--|---|---|---|
| 1. Minimise contact with individuals | Ensure the Schools understands the NHS Test and Trace | All staff are aware of the NHS Track and Trace | | | |
| who are unwell by ensuring that those | process and how to contact their local Public Health | Website and numbers to call. | | | |

| Trace | they return from breaks, when they change rooms and | the reach of children and exits for adults only. |
| | before and after eating. Regular and thorough hand | |

- formal consideration of how to reduce contacts and maximise distancing between those in school wherever possible
- minimise the potential for contamination so far as is reasonably practicable

How contacts are reduced will depend on the school's circumstances, including how many children need to attend during this period, and will (as much as possible) include:

- keeping children in consistent groups
- avoiding contact between groups
- arranging classrooms with forward facing desks
- staff maintaining distance from pupils and other staff as much as possible

cleaning is going to be needed for the foreseeable future.

Points to consider and implement:

- whether the school has enough hand washing or hand sanitiser 'stations' available so that all pupils and staff can clean their hands regularly
- Supervision of hand sanitiser use given risks around ingestion. Small children and pupils with complex needs should continue to be helped to clean their hands properly. Skin friendly skin cleaning wipes can be used as an alternative
- building these routines into school culture, supported by behaviour expectations, and helping ensure younger children, and those with complex needs, understand the need to follow them

Children will use soap and warm water supplied in each classroom on entering the classroom and before exiting the classroom. E.g. start and end of day, before and after break times and lunch.

Young children will be supervised by an adult to ensure handwashing is done thoroughly.

Children have been and will continue to be taught how to wash their hands using the six step handwashing routine which is on posters at every handwashing station throughout the school. The resources supplied by the DFE [Horrid Hands, Microbe Mania and Giant Sneezes] have been used to support teaching and are posters are displayed throughout the school.

4. Ensure good respiratory hygiene by promoting the 'catch it, bin it, kill it' approach

The 'catch it, bin it, kill it' approach continues to be very important, so schools must ensure that they have enough tissues and bins available in the school to support pupils and staff to follow this routine. As with hand cleaning, schools must ensure younger children and those with complex needs are helped to get this right and all pupils understand that this is now part of how the school operates. The e-Bug coronavirus (COVID-19) website contains free resources for schools, including materials to encourage good hand and respiratory hygiene.

Some pupils with complex needs will struggle to maintain as good respiratory hygiene as their

All bubbles have access to disposal paper tissues and a lidded bin.

Children have been taught the 'catch it, bin it, kill it' approach and posters around school remind them as well as adults.

| | rea and include comments below | | |

| | peers, for example, those who spit uncontrollably | | |
| | or use saliva as a sensory stimulant. This should be | | |
| | considered in risk assessments in order to support | | |
| | these pupils and the staff working with them and is | | |
| | not a reason to deny these pupils face-to-face | | |
| | education. | | |
| Ensure that staff and pupils have their own items that are not shared. Classroom based resources, such as books and games, can be used and shared within the bubble. | Classroom based resources, such as books and games, should be cleaned regularly, along with all frequently touched surfaces. Resources that are shared between classes or bubbles, such as sports, art and science equipment should be cleaned frequently and meticulously and always between bubbles, or rotated to allow them to be left unused and out of reach for a period of 48 hours (72 hours for plastics) between use by different bubbles. | Children have their own items that are not shared. Classroom based resources, such as books and games, can be used and shared within the bubble. Shared resources used within the bubble will be cleaned with disinfectant at the end of each day. Each class bubble has their own bag of sports equipment. All surfaces are cleaned before and after each session. Any shared resources across bubbles will be cleaned with disinfectant and kept out of reach for 72 hours. | |
| Limit the amount of equipment brought into school each day. | | Children are bringing in lunch boxes and water bottles only. | |
| Ensure that consistent groups are maintained and the Guidance for full opening: schools is adhered to | | Two bubbles – 3 classes Class one and two - | |

| 7) Keeping occupied spaces well ventilated | Ensure that all Staff are aware of the process if there is an outbreak within the school. All staff must be aware of actions to take as per the guidance and ensure that this is communicated to parents. | Windows are open to ensure occupied spaces are well ventilated. However an ambient teaching temperature will be maintained. Additional doors can be opened to purge environment with fresh air when unoccupied. |
| 8) In specific circumstances. Where necessary, wear appropriate personal protective equipment (PPE) | The majority of staff in education settings will not require PPE beyond what they would normally need for their work. PPE is only needed in a very small number of cases, including: • where an individual child or young person becomes ill with coronavirus (COVID19) symptoms while at schools, and only then if a distance of 2 metres cannot be maintained • where a child or young person already has routine intimate care needs that involve the use of PPE, in which case the same PPE should continue to be used Read the guidance on safe working in education, childcare and children's social care for more information about preventing and controlling infection, including when, how PPE should be used, what type of PPE to use, and how to source it. | PPE Pack is available in every room in school including office, nurture room and head teachers to be used as required. Head teachers office which can be ventilated and which has a red wipe able plastic chair is to be used if child is awaiting collection following signs of illness. Staff follow WCC Worcestershire Outbreak Control Plan Call WCC Local Outbreak response Team 01905 845 491 Parents are receiving regular updates in numerous ways - via the school website which has a COVID 19 tab, Class Dojo School Story, Emails, Parents Mail and printed letters and newsletters. |
| 9) Promote and engage in asymptomatic testing. | | All staff complete two lateral flow tests a week- Sunday night and Wednesday night. These are reported to https://www.gov.uk/report-covid19-result Iftreporting@lindridge.worcs.sch.uk The school administrator keeps a log of results reported. |

CHILDREN FIRST

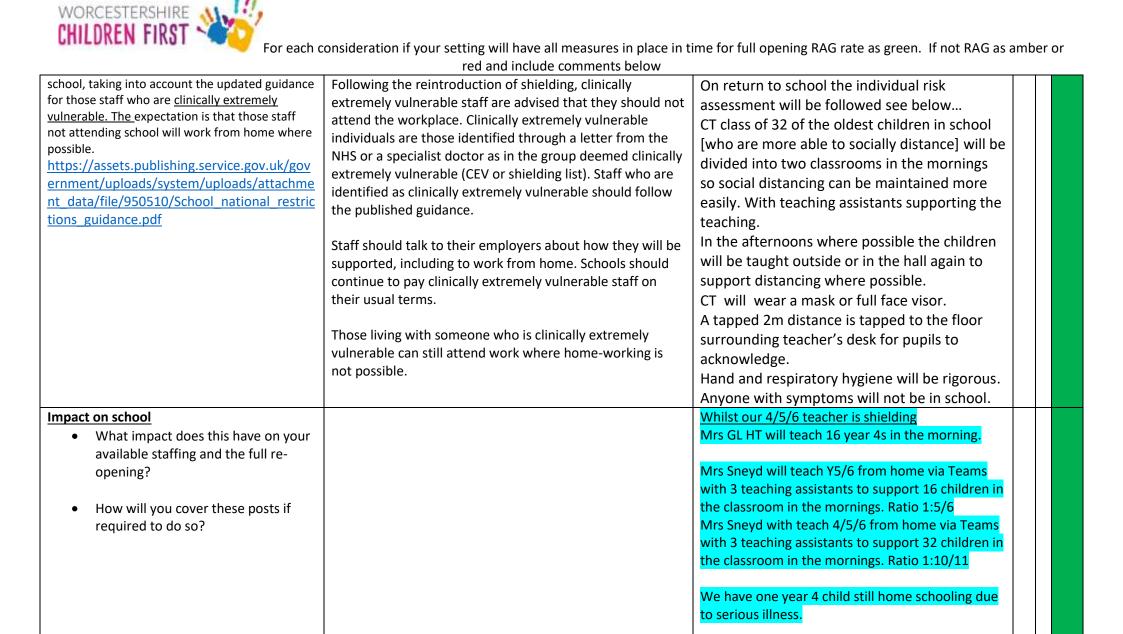

For each consideration if your setting will have all measures in place in time for full opening RAG rate as green. If not RAG as amber or red and include comments below
